### **NEW! HONDA K-Series DOG BOXES**

GEAR-X USA is proud to have been appointed as authorized distributors for SQS RACING (Czech Republic) and AGB Racing Gear Boxes (Netherlands) & GTS (Greece) we are now able to offer the very best in Close Ratio, Helical and Straight Cut Dog Gear Kits for HONDA, AUDI, SUBARU, MITSUBISHI EVO, TOYOTA & BMW. Available NOW! K-SERIES Close Ratio Dog Gear Kits – For serious road race uses only

## **K- Series (6) Six Speed**

# **DOG GEAR SETS**

## **ROAD RACE KIT**

### **PART #. GX-DOG- 6 HK20**

Fully Helical cut, 6 Speed with Dog engagement. FIA homologated ratios which can be used with **OEM or our custom Ratio GEAR-X final drives**. The Kit uses OEM Forks & Selectors. All gears have 5 Engagement Dogs for smoother changes at high revs. Suitable for Full race – High Horsepower Honda K-20 or K-24 where very close ratio applications are required, such as road and gravel rallying, Sprints, Hill climbs or Road race.

**Ratios: 1st - 3.266 2nd – 2.130 3rd - 1.517 4th - 1.212 5th – 0.972 6th – 0.780**

Kit consists of: A custom Main shaft, 4 custom Main Shaft Gears and Six Counter Shaft Gears. The kit includes a Helical cut Final Drive of your choice ranging from:

4.058, 4.40, \*4.50, 4.767, \*4.090, 5.08, \*5.273, 5.46, 5.84, 6.300 This Gear kit is for serious Rally/Road racing use only.

**\*Add \$200.00 For Custom Final Drive Ratios: 4.50, 4.90, 5.273**

**MSRP US \$5495.00 Call for Dealer Pricing.**

## DRAG RACE KIT

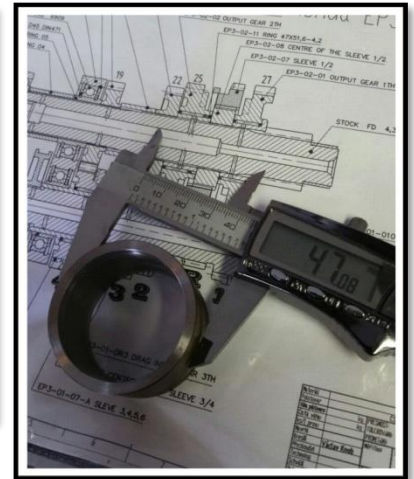

**PART# GXAC-303D-(4)**

Following the wildly popular Synchromesh GEAR-X DRAG II 4 Speed K-20 Kits we began producing a few years ago. We have once again stepped up to the plate and Commissioned our Manufacturers to Design and produce a full Dog Engagement 4 Speed Gear Set with Straight Cut Gears.

**(Only Helical cut Available) until further notice)**

This set was originally designed to suit All Motor Applications producing 650+HP and to utilize the Stock OEM Final Drive Ratios. However, with the Inclusion of the Billet machined 5<sup>th</sup> Gear Cuff Brace (Included) and using one of our GEAR-X Final Drives we are finding that much higher Power is being handled with no problem. The DOG kit is compatible with original Final Drive (fits on original Pinion) Final Drives are Extremely strong teeth profile – The Dog-Clutches are extremely durable! The Kit includes all gears, shafts, sleeves + hubs - All bearings used are OEM original - Forks used are OEM. The kit comes with Cuff Brace, Spacers & Bearings.

**(Note Final Drive is not included in this kit)**

**Ratios: 1st - 2.313 2nd -1.650 3rd -1.304 4th - 1.080 5<sup>th</sup> Cuff Brace**

## ROAD RACE KIT

**PART# GXAC-303D-(6)**

**MSRP US \$3995.00 -  
Call for Dealer Pricing**

GEAR-X USA has made available the additional 5<sup>th</sup> & 6<sup>th</sup> Gear Ratios, from our PRO Spec II Road Race synchro gear set popular with Championship winning Touring Car Teams all over the world. Coupled with any of our 5.08, 5.46, 5.84 or any OEM Final Drive options. You will have a winning 6 Speed DOG ENGAGEMENT Road Racing combination

**(Only Helical cut Available) until further notice)**

**Ratios: 1st - 2.313 2nd -1.650 3rd - 1.304 4th - 1.080 5th - 0.958 6th - 0.851**

## B-Series (5) FIVE SPEED ROAD RACE KIT

MSRP -\$5295.00 Call for Dealer Pricing

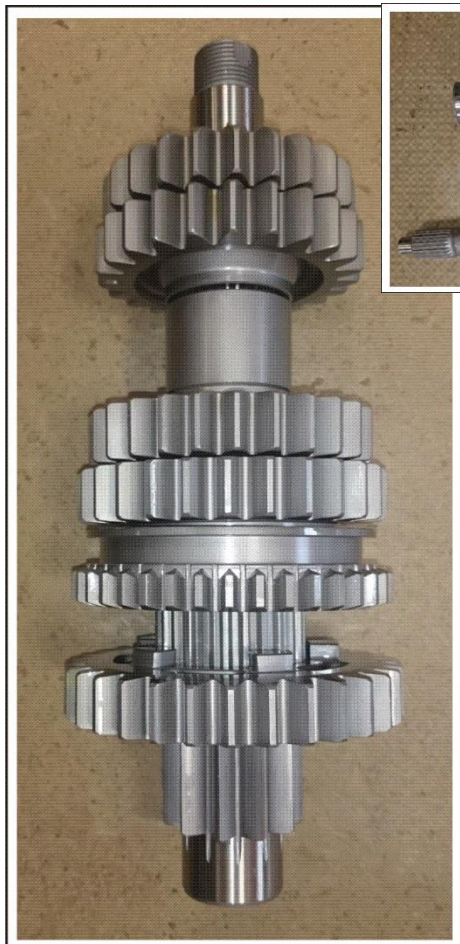

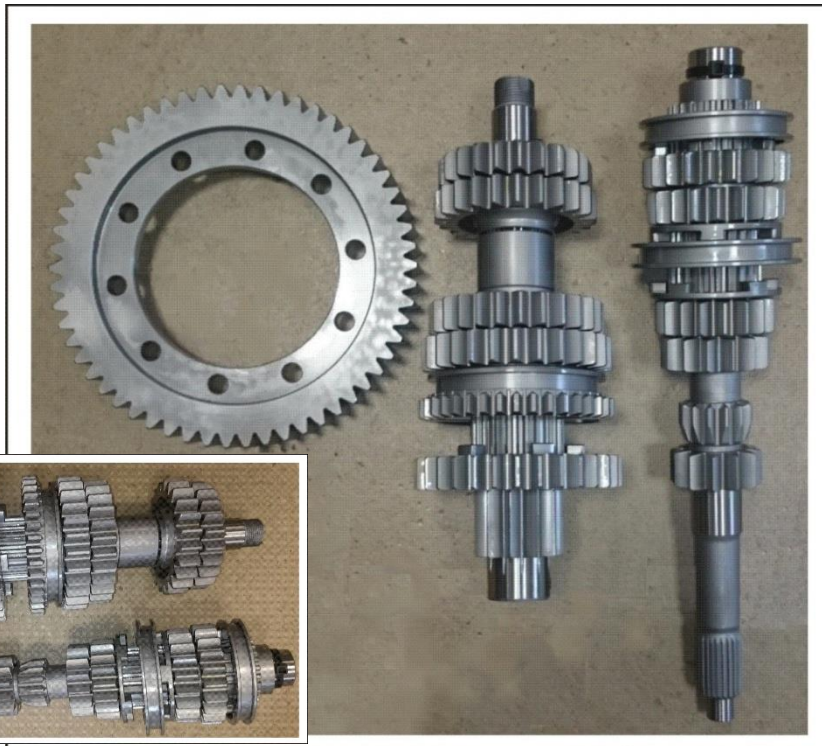

**PART# GXHO-B CR DOG 5  
(Race Spec)**

GEAR-X USA is proud to offer the absolute best in Straight Cut Dog Gear kits for B Series HONDA's

We have tested a range of intermediate and final drive ratio options and we are now introducing this set of ratios ideally suited for Road Racing –

At a 9200-rpm shift, on 24" diameter tires.

This is a normal "16 or "17 race tire. If using "15 wheels with a 1600 cc engine, then the overall reduction in gearing should be excellent.

### S4C/S80 5 SPEED ROAD RACE RATIOS

GEAR	TOOTH COUNT		RATIO
1.gear	31	12	2.583
2.gear	27	14	1.929
3.gear	26	17	1.529
4.gear	23	18	1.278
5.gear	22	20	1.100

FWD DOG KIT Comes with 4.1 Final Drive

**NEW European Design**  
**Full Dog engagement**  
**4 Speed Gear Set with Helical Cut Gears**  
 has been thoroughly tested in Drag Racing and the extreme Shock load conditions of European Rally Cross applications. Designed to handle applications producing 850+HP and to utilize the Stock OEM Final Drive Ratios. However, with the Inclusion of the Billet machined 5<sup>th</sup> Gear Cuff Brace (Included) and using one of our GEAR-X Final Drives we are finding that much higher HP is being handled with no problem.

This DOG kit is compatible with \* OEM Final Drives (Gears fit on original Pinion splines) The Dog-Clutches are extremely durable! The Kit includes all gears, shafts, sleeves + hubs. Accepts original OEM Bearings and Forks.

Dealers call for pricing. Limited Quantities available.

Our new GEAR-X Exclusive product allows you to add Viscous Coupler technology to your existing CRV differential without any additional part requirements. In less than 30 minutes you can complete this upgrade without the need to fabricate or source expensive hard to find parts. Easy to install, fully serviceable. Standard Kit comes with 60k cst Silicone Viscous material (Recommended) but you can change the viscosity if you wish. On some applications it is necessary to install the \*SPACER (provided) to prevent the front of the VC Unit from fouling against the casing.
